Empathy Map Canvas

SAYS	THINKS
• “I don’t know if my income is enough to get approved” • “I wish I could check my eligibility before applying” • “The bank took 2 weeks and still rejected me – I don’t know why”	• “My income might not meet the bank’s threshold” • “I hope my short employment history doesn’t count against me” • “Should I try a different bank? Will it affect my credit score
	<i>RIYA SHARMA (Credit Card Applicant)</i>
DOES	FEELS
Visits multiple bank branches to enquire Asks friends about their approval experiences Searches online for “credit card eligibility criteria”	• Anxious about being rejected again • Hopeful that this time the application will succeed • Confused about what factors banks actually consider

Fills the
same form
on three
different
bank apps

Frustrated
by the lack
of
transparency
in the
process

Key Insight

Riya represents millions of first-time credit card applicants who are **uninformed** about eligibility criteria and **anxious** about rejection. The Credit Card Approval Prediction system directly addresses her needs by providing instant, transparent eligibility feedback — empowering her to make informed decisions before submitting a formal application.
